

# Eagmark Online Learning Academy

Inspiring Growth and  
New Innovations through  
Technology and  
Education (IGNITE)  
Project

[olc.eagmark.net](http://olc.eagmark.net)

# Overview of the IGNITE Project and Its Objective

- The IGNITE project aims to address the challenges faced by SSA through the development and implementation of online learning for TVET and other industry-relevant courses.
- The objective is to provide relevant skills training and job opportunities to the beneficiaries in order to improve their livelihoods.
- The IGNITE project is scalable and is intended to bring a positive impact in SSA, contributing to economic growth and reducing unemployment.

# About the IGNITE Courses

- Courses offered through the Eagmark OLC are made available for learning on mobile devices.
- The mobile learning experiences deliver content in small modular chunks and are particularly effective and appropriate when learners are in remote areas with poor internet connectivity, or if they need quick, just-in-time support.

# Access to the Eagmark Online Learning Academy

- The Eagmark Online Learning Campus (OLC) can be accessed through the link [olc.eagmark.net](http://olc.eagmark.net).
- Eagmark OLC provides self-paced e-learning courses, accessible almost free of charge online. The courses allow users to learn about agricultural topics based on their individual needs and interests, and the format allows the students to study at their own pace, anywhere and at any time.

# 4 STEPS TO **LEARNING**

The Eagmark Online Learning Campus offers a variety of courses specifically for Agricultural enthusiasts.

- ✓ Sign in with your account
- ✓ Open the course archive
- ✓ Enroll in the course
- ✓ Start your learning progress

# ENROLLMENT PROCESS

An account is required for you to access the high database and courses provided. You can easily register for one at the Eagmark OLC.

# What We Provide Our Learners

## ✓ Expert Instructors

With a team of highly qualified faculty members, we guarantee the best lessons and courses for our students.

## ✓ Learning Documents

Detailed Learning Documents and Video Tutorials are well-prepared and can be accessed anytime.

## ✓ Powerful Learning Tools

Our students have access to innovative programs and great learning material tailored to develop world-leading agricultural academics.

# How We Do It

## Self-Paced Courses

Eagmark OLC provides self-paced e-learning courses, accessible almost free of charge online. The courses allow you to learn about agricultural topics based on your individual needs and interests, and the format allows you to study at your own pace, anywhere and at any time.

## Online Tutored Courses

The Eagmark OLC organizes virtual tutored courses targeted at specific audiences. These modular interactive, instructor-led courses are based on practical activities, with a set of hands-on tasks designed around realistic scenarios.

## Mobile Modular Learning

Our courses are made available for learning on mobile devices. Mobile learning experiences deliver content in small modular chunks and are particularly effective and appropriate when learners are in remote areas with poor internet connectivity, or if they need quick, just-in-time support.

## F2F Capacity Development

We support our partners in designing, developing and delivering face-to-face capacity development interventions that are aligned with our priority areas and the Sustainable Development Goals Agenda 2030.

## Technical Webinars

The Eagmark OLC organizes and delivers technical webinars, in close collaboration with other partners, collaborators, faculty drawn from various agricultural fields including Economics, Agri-Tech, Agribusiness, Logistics, Gender & Youth Specialists, etc.

## Unlimited MOOCs

We organize, support and deliver free Massive Open Online Courses (MOOCs) with a number of partners. The MOOCs cut across various thematic areas aligned with Eagmark's strategic goals and along the Sustainable Development Goals framework.
